Property & Finance

We do have a couple of projects we are working on this summer. Both involve the roofs of the Church. We are looking to redo the main church roof with steel in the near future and the flat roof needs to be redone as well. With that in mind, we remind you to remember your donations to the church over the summer months.

Starting in the fall, we will have two outside groups meeting at the church. The Guides will continue to meet Thursdays before the Choir Practise and the Brownie troop will return on Tuesday nights. The Property and Finance group will open and close the church for this group, due to the fact the leaders are not from the church family.

Christian Education

We have had an excellent year for attendance and have given out attendance pins to our kids that have joined us regularly. Thank you to all the teachers that have helped out over the year.

Pastoral Care & Membership

Pastoral Care continues to support our Stone Church families with cards, calls and visits. We certainly appreciate being kept aware of these needs, as we don't want to overlook anyone. Together we can support each other through good times and troubled times.
